NEHAL QADEER

Commercial & Accounting Clerk • Bonus Calculation & Invoicing Specialist

Mannheim, Germany | +49 155 66441747 | nehal.q.s@gmail.com

Portfolio | linkedin.com/in/nehalqadeer | github.com/Nehal-qadeer

PROFESSIONAL SUMMARY

Analytical and meticulous **Commercial & Accounting Clerk** with a Master's degree in Applied Computer Science (SRH Heidelberg) and hands-on professional background in **commercial bookkeeping, tax consultancy account management, and financial reconciliation**. Combines deep accounting domain practice with advanced MS Excel data modeling (Pivot Tables, VLOOKUP, XLOOKUP) and automated database auditing (SQL/PostgreSQL). Proven expertise in verifying complex supplier invoices, computing volume-based rebates and bonus distributions, and managing large datasets (2,000–4,000 records) with zero-defect accuracy.

CORE COMPETENCIES & TECHNICAL SKILLS

Accounting & Finance:	Invoice Processing (Rechnungsprüfung), Bonus & Rebate Calculation, Financial Reconciliation, Commercial Bookkeeping, General Ledger, Accounts Payable/Receivable, Audit Preparation.
Data & MS Excel Modeling:	Advanced MS Excel (Pivot Tables, VLOOKUP/XLOOKUP, Nested Formulas, Data Validation), Python/SQL Data Auditing, Structured Data Cleansing, Discrepancy Reporting.
Operations & Systems:	ERP Systems Navigation, Structured Record-Keeping, Supplier & Shareholder Communication, Billing Issue Resolution, Process Standardization.
Work Approach:	Mathematical Precision, High Diligence, Detail-Oriented Verification, Independent Problem Solving, Cross-Functional Teamwork.

PROFESSIONAL EXPERIENCE

Commercial Accounts Specialist & Bookkeeper — Qadeer Tax & Accounting Advisory — Jan 2019 – Jan 2023

- Managed day-to-day commercial bookkeeping, accounts ledger maintenance, and financial record-keeping for corporate and individual clients.
- Audited and cross-checked thousands of supplier invoices, purchase orders, and expense receipts against bank statements to ensure full reconciliation.
- Constructed customized MS Excel financial models and computation sheets to calculate client turnover bonuses, taxable revenues, and scheduled rebates.
- Prepared structured documentation and financial overview reports for tax audits, achieving 100% data integrity and regulatory compliance.

Software Project Coordinator & Commercial Specialist — Zelle Solutions — Feb 2023 – Nov 2023

- Directed commercial data reconciliation and expenditure tracking across active project accounts, ensuring strict budget compliance.
- Conducted rigorous quality control audits on financial figures, contractual service deliverables, and monthly billing statements.
- Liaised with external stakeholders and vendors to clarify invoice discrepancies, streamline payment schedules, and document transaction histories.

Technical Support & Financial Operations Specialist — Breakthru (Blazeo / ApexChat) — Jun 2020 – Oct 2022

- Audited transaction records using SQL queries to verify billing accuracy and eliminate numerical inconsistencies across accounts.
- Served as the primary operational point of contact for resolving complex partner billing inquiries, credit notes, and account reconciliations promptly.

KEY PROJECTS

Automated Financial & Invoicing Data Processing Engine — 2025 – 2026

- Engineered an automated data verification pipeline processing 2,000–4,000 commercial transaction rows per run with automated validation rules.
- Implemented automated outlier and error detection for invoice amounts, rebate margins, and account balances, exporting summary tables to Excel.

EDUCATION

M.Sc. in Applied Computer Science — SRH Hochschule Heidelberg, Germany — 2023 – 2025

German Grade: **2.2** | Focus: Data Processing, Quantitative Analysis, Statistical Modeling, Structured Information Systems.

B.Sc. in Computer Science — IQRA University — 2015 – 2019

Grade: **2.65** | Focus: Database Management, Business Systems, Quantitative Methods, Computational Logic.
